found themselves on their Negro to Nominate Foster Living With Nature Rare Privilege of Rural Children Says Government Expert

> Does the farm lack the opportunities and privileges of the city? If it does, the city does not have the rare privlleges that life on a farm presents. Here is what Dr. C. B. Smith, chief of Cooperative Extension Work in the United States, has to say in that regard.

"They are privileged children who grow up on a farm. concerned with educational processes and growth. There Practically the whole period of childhood to maturity is is something about agriculture and country life that makes for sound foundations for practically any future superstructure. Any consideration of the education and training of youth in rural areas must take into consideration at the outset the things inherent in and contributed by the farm and the open country itself. It is there that about by arrogant bishops be- Communist Party. It is ex- many of the great basicthings of life are leanned.

"From the time the country child is big enough to bring in the kitchen firewood, feed the chickens, and gather the eggs, to the day he drives the team at his father's instead of money and truckling Negro, and a member of the plow or feeds into the thresher the gathered grain of the to the whims of selfish bishops Central Executive Committee year, he is being educated and trained in the fundamentals and verities of life.'

"To romp in the fields with a dog and explore in an educational process, to rob a bumblebee's nest, or throw bishop's bench That eminent proposed to the convention as the ways of minnows in the creek and the fishes of the stones at a hornet's nest is to acquire knowledge. To know lake, to kno wthe meaning of rain and frost and drought on crops and income, to know the names of plants and birds, the haunts of squirrels and muskrats and wood-Bryant in his fight for morality central committee. BAPTIST ASSOCIATION CALL BY MODERATOR

Brother pastors, local ministers, officers and members of the First West Florida District Baptist Association, our attention is now called to the 62nd annual session to convene with Mt. Zion Baptist church, June 9-12, Rev. H. D. Parker, pastor. I am sure that each pastor in the district, all other ministers, with every officer and every loyal Baptist are going to cooperate with the association's program, to help make this one the greatest session in its history. We realize the conditions that confront us and yet we believe that our God is the same and is always ready to hear the cryof his children, therefore we are asking every loyal Baptist to do his part.

The enrollment is only \$1.00; we hope that every loy al Baptist as well as the messengers will enroll. This wil help increase the financial side or our Association.

Our school is greatly in need and much must be done to raise the standard. Prayer is the key to success. Faith unlocks the door, so let us as Baptists have one big aim. Friday night our educational drive and rally begins. Each pastor is asked to give \$2.00, deacons \$1.00. I am sure that all other ministers as well as loyal members will be asked to give the same amount as deacons, or more if you Yours in Christ,

Rev. D. W. Webb, Moderator Ethel Jones Rivers, Cor. Sec'y

Pansies in Harem of Timbuctoo's Ruler

The only ruler in the world with a harem composed of pansies is located in the heart of Africa, according to William and Sadie Seabrook explorers and authors just back from a tour of the dark continent.

Seabrook is returning to Tumbuctoo, accompanied by Miss Marjorie Worthington, young American novel ist, who will write of the customs of the African people.

This strange spectacle which according to the explorers outdoes all the drags they have ever witnessed in Harlem and the perverted orgies of lower Paris dives, was witnessed in Timbuctoo, where the Moro Naba, king of all the Mossi, the last black potentate of West Central Africa,

Describing their visit to the palace of the king, the Seabrooks relate in their book titled, "Jungle Ways" (Harcourt-Brace) how they interviewed the ruler.

"The Moro Naba," they write, "black as ink, with heavy tattooed jowls and almost as wide at the girth as he was tall, sat among his male concubines, cloaked in robes of purple vel-

dougou, finer than the governor's, and was allowed to keep all the gilded and savage state of the Moro Nabas, who had ruled before him-on conoperate' with his French advisers in matters which were economic or po-

Bullet-Proof Glass

This report is placed in a drawer and pushed through a bullet-proof glass window into a steel cubical where sits the bookkeeper.

The average driver may cover from 20 to 80 miles a day. His reports to the company vary from \$3 to \$20 to \$25. The driver then turns in the jack and the wrench, tools which he is allotted when he goes out, receives an okey on his work and commission on his receipts and is free to go until the next shift.

Repair Shop Proudest are the partners of their

repair shop where a badly smashed taxicab is provided with new parts, repainted and sent out looking like The painter is a former employee of the Ford plant, in Detroit, and a large part of the smart appearance of the

P. and H. taxis is due to the skill of him and his assistants. Asked to what they contributed their success, the pai ners said, "Hard

work and sticking to the job. Like all New York companies, the P. and H. Taxi Company employs supervisors, who, driving Ford cars, travel up and down the streets of New York day and night to see that the cabs are kept moving and that the

drivers obey the rules. If a P. and H. taxicab is seen parked in the street at night with ts lights out, as infrequently happens is evident that the driver is not on

the job or, perhaps, is taking a snooze.

Riding the Family

Also it infrequently happens that taxis are seen on the streets in the daytime with the flag down. This means that the meter is not registering and an investigation will show that the driver has a member of his own family or, perhaps, his sweet-heart, inside for a jaunt or a joy ride. Mr. Peters is a widower and lives with his two daughters, Mary A., and Elizabeth, and his step-son, For-

est Grant, at 319 W. 139th Street. Mr. Hamilton married Miss Martha
Coleman, of Virginia, 22 years ago

Rapid Development

Under these plans, the report states, interracial stimulation has progressed so rapidly with us that safeguards are often considered to protect it. A great fad of theorizing is in vogue which is not often linked up with practical application. There is a great desire "to hold" responsibility for race relations in contrast to the desire "to hear" responsibility for it.

In this connection the report points out that there must be no sillusions on the part of the Negroes that most of the "holding" of responsibility is done by whites,

Children Always Want to Know the Reason for **Good Manners**

By GLADYS

Question: "My children are at the age where they question everything, and they say they don't see any use in being so particular about table manners. I am stumped. Can you give me any argument?"

Recent ientific motion pictures have disclosed that inside every living human body there are billions of iny, separate cells that crawl around like the lowly amorbas in ponds and ditches. But these inhabitants of mankind, says Dr. E. E. Free, are not invaders; they belong there. you give me any argument?"

Answer: .Some parents use the formula, "Because I say so." But you this work on "Memory Tramyour plan is the intelligent one. At ing"-complete in twenty-four volvarious times in their lives, chil- umes.?-The Humorist, dren question various conventions and moral codes. When that time

and moral codes. When that time comes we must do our best to answer the minstead of saying, "Well, it just is—that's all."

A point to start with is that though table manners are somewhat arbitrary they are based on consideration—the starting point for all courtesy. You might explain, then, that careless eating, or greedy eating or too fast eating is not The food needs of growing childleasant for the others at the table

The food needs of growing childing is not the secretary pointed out, there is an entire separation of races, but in the northern and borderline cities the work of cementing the interests of the two groups is making noticeable progress.

In these cities the Y.W.C.A. setup is divided into three groups:

1. In a few places where we have branches there has been an interracial stimulation and promotion to the extent that a Negro woman of the community has been an elected to the board of directors just as any other board member is elected.

2. Cities where the reare branches and where Negro woman of the community has been an elected.

2. Cities where the reare branches and where Negro woman of the community has been an elected as well as the heavier foc."

The food needs of growing childer the must be met. Milk, milk products, fruits, and vegetables must be served as well as the heavier foc."

—even on economy menus. Or-anges, with their vitamin C, now sell at a low price and fit excellently into the menu. Here are two delicious recipes for National Child Health Day—and for the days that for the others at the table to witness. Also, that unnecessary work for some one.

It is rather to the point when children are the age of yours to explain that it's most convenient—or painless for them—to learn to do some things by habit so they can stop thinking about them Also, that when they're older they'll be very glad to have their manners second nature instead of having to be conscious of them all the time.

Question: "When should little children know how to do certain things—like lace their shoes, button their clothes, go to the bath-room alone, and so on?"

Anywer It would take a long of with the processory work for some one.

It is rather to the others at the table to witness. Also, that unnecessary work for some one.

It is rather to the open one.

It is rather to the open one.

It is rather to the object on explain that it's most convenient—or painless for them—to learn to do some things of them—to learn to do some things

room alone, and so on?"

Answer: It would take a long page in this column to answer that —and even then we cannot give hard and fast rules or ages for

THE LIGHT

In the howling of the tempest, In the fury of the night, Far away, its faint rays beaming, From the lighthouse shines a light. Warning of the paths of danger, Of the rocks that wreck a life. Of the gales in terror lashing Turning calm to fearful strife. Oh. the Light that warns of danger, Points my barque to safety's shore, Tis the light of Christ, my Saviour, Watching, guiding, my life o'er. Lest I sink beneath the waters. Lest I drift too far away, Lest I perish with the others, There comes that beaming, shining ray.

Thus, I cannot miss the harbor Of the weary storm-tossed soul, With my pilot, watching, leading And my life in His control.

A DAILY PRAYER

Lift me out of myself, dear Lord, Let me be born anew in Thee. May all who watch my daily life Thy likeness, in me see. Lift me above the world, dear Lord, Above the glittering lure of sin, Purge Thou the dross from my heart,

O God, Let the waves of Thy Spirit roll in. Lift me above the desire for fame, Make me humble, a servant of Thine, May I always uplift Thy Name,

Be lost in the depths of Thy love divine. Lift me above my own selfish aim, Make me willing to answer Thy call,

Trusting Thy mercy and grace to sustain, O Christ, I gladly surrender my all.

NOTE-Summer School opens June 43. Only a limited number of pupils may be taken.
